

Letter of Reference  
Dawnita Atkins  
5/3/2016

I was referred to Dawnie from a close friend of my sister. I was in need of childcare for my then one year old only one day a week and she had availability for him. She was the first childcare provider I had ever hired and I can't imagine my child with anyone else. That next fall she had a full time spot for Liam and without even thinking twice I took the opportunity for Liam to stay with his new friends and her.

I feel very blessed that I found her. My child is taken care by someone I completely trust, she has become like part of the family. Liam continuously asks if he gets to go to Dawnie's today (even on a Sunday). He looks forward to all of the amazing things she does with them. He comes home full of stories about the parks they go to, who did what, what they played with. She takes them to swim lessons which has become one of his favorite activities in the week.

I would highly recommend Dawnie. She will love your child like her own. Whether I am going to class or working, I know that Liam is in the best care and what a relief that is as a mom. The kids truly love going to her house and more specifically her. She makes an amazing bond with your child and a parent can't ask for anything more.

If you have any question, please don't hesitate to call.
